ABOUT US PRESENTATION

Since our establishment in 2015, Max Play Indoor Playgrounds has been dedicated to research and development, working with a team of young, dynamic and expert staff. By staying informed about developments in the entertainment industry, we aim to be a valuable partner for our clients.

We are committed to maintaining the highest standards of service quality, which is an integral part of our total quality management. In addition to this, we continuously strive to enhance our quality standards by embracing new technologies and ensuring the ongoing improvement of the systems we use.

OUR STRENGTHS

DESIGN AND ENGINEERING

Our design team works meticulously to provide unique solutions for each client, with a focus on maximizing our clients' revenues. We strive to ensure efficient use of space, create aesthetically pleasing designs, and provide an enjoyable experience for children.

In the process, our experienced team develops our designs with great care, aiming to ensure that our final products remain true to the initial design concepts while fully complying with safety and quality standards. This approach has enabled us to achieve commendable results in terms of both functionality and visual appeal.

PRODUCTION

We are pleased to say that all our products have internationally recognized certificates. In our 3,000+ square meter production area, we do our best to manage all critical processes in-house.

We believe that by adhering to strict quality standards at every stage of production, we are able to offer our customers products of the highest quality.

WITH OUR MACHINES.

SHIPMENT & INSTALLATION

MAXPLAY

Maximum Entertainment

We are grateful for the opportunity to offer our specialized logistics network, which we hope will meet your shipping needs. Our installation technicians have the specific skills required by the industry and specialize in our products. Our project managers will do their best to organize them to offer support at every stage of the process.

WARRANTY & AFTER SALES SERVICES

We do our best to ensure that our products will last for over 15 years, and we offer a 2-year service warranty against manufacturer defects, which we believe is the best in the industry.

Our after-sales team is available to supervise the correct execution of each installation, and we are committed to providing our customers with fast and efficient support in the event of an equipment-related need.
